

# TurnPro™

## LIQUID LEAK DETECTOR

The TurnPro Liquid Leak Detector was developed to detect gas leaks in hard to reach places. The formula is nontoxic, noncorrosive, nonflammable, and it dries clean. Flexible extension tube is included in 8oz bottle to help get to hard to reach areas.

| Part Number     | Description  |
|-----------------|--|
| TP-LLD-8OZ-12   | Leak Detector 8oz bottle - sold in 12 packs                |
| TP-LLD-1GA-4    | Leak Detector 1 gal bottles - sold in 4 packs              |
| TP-LLDLT-8OZ-12 | Low Temperature Leak Detector 8oz bottle -sold in 12 packs |
| TP-LLDLT-1GA-4  | Low Temperature Leak Detector 1GA bottle -sold in 4 packs  |

## LEAK DETECTOR TECHNICAL INFORMATION

- ▶ Temperature Range 32°F (0°C) to 200°F (93°C)
- ▶ Composition: Deionized water and surfactant

## LOW TEMPERATURE LEAK DETECTOR TECHNICAL INFORMATION

- ▶ Temperature Range -65°F (-54°C) to 200°F (93°C)
- ▶ Composition: Deionized water, surfactant and ethylene glycol to prevent freezing.

## LEAK DETECTOR INSTRUCTIONS

- ▶ Apply a stream of TurnPro Liquid Leak detector until the test area is completely covered.
- ▶ If bubbles form, there is a leak.
